The above is the glorious report that the De mocracy South send to the conservative Democracy North. It is no exaggerated statement. Every present indication induce us to believe that Buchanan and Breckinridge will carry every State South of Mason and Dixon's line.

Kentucky is regarded by some enthusiastic Know Nothings as doubtful. But we regard it as certain for "Buck and Breck." There is no doubt but that the K. There is no question but Fremont will get more votes in New England than any other candidate. Fillmore will stand second, probably, in Massa-chusetts, Vermont and Rhode Island; and Buchman will crowd Fremont hard in Connecticut, New Hampshire and Maine. But in such ragged esults as these, there is no certainty of success. The measure is perfectly consistent with the honor of the South and vital to its interests. That fatal act which gave birth to this purely sectional strife, originating in the scheme to take from Free Labor the country secured to it by a of which I subjoin.

General Plan for all the Speeches of the Night.

The Grand Movement.

1. Vehement attack. No argument about Missouri Compromise. A general charge against the souries of the bill to propagate slavery and by which seems ready to have departed to the emigrants of the Northern States for homes, cannot be conquered from the Free Laborers who have long considered it as set apart for them in our inheritance, without provoking a desperate struggle. Whatever may be the persistence of the particular class which seems ready to have deverything for the authors of the bill to propagate slavery and by every means known to power, and the end of all policy at home and abroad.

2. Specifications under the general charges; and under this head Gladsden's mission to get a broadside of Mexico; Soule's to get Cuba or a fight. War with France and Spain—aliance with Russia; all officers at home given to nullifiers and slavery propagandists; all appointments abroad the same. Bedinger trying to convert Admiral Napier, and making no more impression than if he had been singing "Old Dan Tucker." All Judges to be nullifiers, especially the twelve new Federal Judges now to be created, and to legislate for slavery under the pretext of judicial devices and success of the unjust scheme it has partially effected, I firmly believe that the great heart of the nation, which throbs with the patriotism of the freemen of both sections, will have power to overcome it. They will look to the rights secured to them by the Constitution of the Union as the best safeguard from the oppression of the class which, by a monopoly of the soil, and of slave labor to till it, might in time reduce them to the extremity of laboring upon the same terms with the slaves. The great body of non-slaveholding freemen, including those of the South, upon whose welfare slavery is an oppression, will discover that the power of the General Governlate for slavery under the pretext of judicial decision. The six frigates for the Cuba war; army and navy to be increased for the Cuba war.

Fillmore will take from him more Southern votes than he will take Northern votes from Fremont. We will not believe that Kentuckians have not sagacity enough to see this fraud, and spirit enough to rebuke it. There is but one way to defeat Fremont, and that is by voting for James Buchanan.

We have cheering news from Christian

and navy to be increased for the Cuba war.

Second Part of the Speeches.

Vehement declaration against the conduct of the administration in suppressing all the business to push this propagandist policy. Enumerate the President's recommendations in his message; also the appropriation bills set aside to make room for it. Declaim on this point. All speeches should be short—fifteen or twenty minutes—not argumentative, but demands to tell what movement is executed. All its authority shall be faithfully upon—with demands to tell what movement is executed. All its authority shall be exerted in executed. All its authority shall be exerted in aid of the National will to re-establish the peace of the country on the just principles which have heretofore received the sanction of the Federal Government, of the States, and of the people of both sections. Such a policy would leave no ailment to that sectional party which seeks its aggradizement by approximating the new first aggradizement by appropriating the new Terri-tories to capital in the form of Slavery, but would inevitably result in the triumph of Free Labor—the natural capital which constitutes the

Gov. Wise, of Virginia, in a Personal

21st. 22d.

Rencounter. July 7.-Hugh R. Pleasants, brother of the late John Hampton Pleasants, and formerly editor of the Penny Post, of this city, went this morning into the Executive Chamber of the Capitol, where Governor Wise was engaged in writing, and taking a seat by invitation of the Governor, said, after a brief period: "I thought Gizzard-foot was here." Gov. Wise

smilingly replied, "I am the man."

Pleasants, rising from his seat and approaching the table at which the Governor sat, said: By God, I did not know you; and so you are Ebon-skin and Gizzard-foot? "I am," remarked Governor Wise, with mile, "and you are Hugh Pleasants."

Pleasants thereupon commenced abusing the Governor without any provocation. The Governor ordered him to leave the room but he refused to do so. The Governor then rose from his seat and approached Pleasants, and taking hold of his coat, endeavored to push him out. Pleasants resisted, squared off, and placed himself in an attitude to strike, when the Governor struck him with his fist under the left eye and cut him severely. He then seized him by the arm, turned him around, and kicked him. At this time the messenger of

the Executive came up.

The Contrast Mr. Herbert is in prison at Washington, await ing trial under a charge of murder. Mr. Brooks is held to bail and awaits trial for the assault on Sumner. So far the supremacy of the law is asserted without distinction of persons. But where are the Know Nothing villians who killed a Democratic elector in the streets of Washington, to daring to express himself in favor of the Union Mayor? Where are the officers who helped them to escape? Where are the assassins of Buel?-Where are the incendiaries and assassins of New Orleans? Where are the rioters of Washington City, who but the other day assailed the Mayor and magistrates with slungshots and with stones' Alas! the men who assail the Democrats, who break up Democratic meetings, who drive Democratic electors from the polls, who deal assassin blows at Democratic leaders, are never brought to justice! Justice is blind to them. But she unveils her eyes and opens her mouth, in full cry, when the sacred persons of the opposition are threatened! That is the difference.

Ladies Beware.

YOU that have double glass, patent, 'balsam sealed never fading Ambrotypes in your possession don't put them in your drawers, or on your table, or any where so that they may come in contact with your clothing, espe-cially during this hot weather. Balsam is a kind of chear crude turpentine, and, like a discontented negro, there no telling when it will run away, in which case your pie ture is spotted and spoiled, your dresses are bedaubed and soiled, and if the balsam stays between the glasses, it is liable to become yellow or smoky, and sometimes quite black, so that your picture appears to be 'looking through a smoked glass darkly," (this is no fiction, please examine and satisfy yourself.) Not one in four Ambrotypes put up one year ago (with balsam) are perfect now; and we will wager that at least four opperators in this city can make better and more durable pictures on single glass than are made by the double glass process. We really believe the only way the latter can be made perfectly seure is to seal them up in tin cans like sardines. N. B. The Sphereatype is more uniformly perm ore beautiful and pleasing style of picture, and is no preserved in turpentine or balsam. Webster has the exclusive right to make them in Louisville. Also the gency for the sale of rights to operate in the State. Instructions in the art, including the Ambrotype pless, can be obtained at WEBSTER'S GALLERY,

JEFFERSON CIRCUIT COURT. Montgomery, Davidge & Co-, plaintiffs vs. Le-ming & Christy, and W. C. Trabue, defend-

This suit was brought by plaintiffs to recover from Trabue the amount of two bills of exchange for over \$500 each. Plaintiffs alleged that the

bills were drawn by plaintiffs and accepted by Leming & Christy and payable to Trabue. The object of the bills was to secure a debt due to plaintiffs from Leming & Christy. Plaintiffs required surety ond Trabue was offered, and in order to get the surety the bills were drawn as stated and endorsed by Trabue to plaintiffs. The bills were protested for non-payment by Leming

and argued that the petition showed no cause of action, that the bills as to Trabue were extinguished; that their negotiability had cased as soon as the bills came to the hands of the drawers; that no consideration was shown upon which to rest the special agreement to become surety for Leming & Christy; that by the law merchant Trabue could not be held bound on the bills, nor by the common law could he be held bound on the special undertaking to become surety, neconsideration passing or being shown.

The court, after argument, sustained the de-murrers and held that Trabue was not bound. Plaintiffs obtained leave to amend in order to set up an equitable ground for relief. Riley and Muir for plaintiffs, Stirman and Ben-

PERFECTION IN ART -Every day brings something new. We live in an age of improvement and discovery. Of all the improvements in Art, or Photography, the one made by Troxel recently is the greatest-that of producing natural colors on glass pictures. Scientific men have spent hours of study in order to overcome what seemed to be cause and effect, but to no purpose recently. Troxel, who is a prodigy in his profession, has brought this beautiful art of picture making to perfection. The natural colors of drapery and skin, rosy hue of the cheek, with life-like expression, only go to show the art is perfected. We understand Mr. Troxel leaves soon for Washington and the East in order to submit the discovery to scientific men, and to secure patent on the same. Some of the picture can be seen by calling at his Ambrotype rooms on Main, between Second and Third, over the House Telegraph Office. dtf

DR. A. KING, a practitioner of New York for the last 28 years, has opened a Dispensary on Market street, between First and Second, nearly opposite the Bowies House, for the treatment of Private Diseases, such a Gon orrhea, Syphillis, and all diseases of the skim and other \$\textit{e}\$ rangements growing out of neglect or imperfect cure. his iong experience and success aable him to act with confidence. All those who may confide their cases to him may rest assured of having the disease effectually cured, and every vestage of the difficulties perferrectly eradicated from their constitutions.

Structures of old or recent date effectually cured in a few days by an operation which causes no pain. Where a stricture exists, general derangement of the whole constitution must ensue, a continuance of which will bring on a train of symptoms to be dreaded, and will undermine the constitution and cause premature old age.

Saminal Weakness.—Particular attention will be given to this disease, and all the consequences growing out of it, brought on, in many cases, by the destructive habits of inconsiderate youth, and excessive indulgence of the passions, which undermine the constitution, rendering the subject unift for either business, or society, and causing prenature old age.

His success in curing all those of the above difficulty. subject unfit for either business, or society, and causing premature old age.

His success in curing all those of the above difficulty, with the exception of a few, of the many hundred patients who have come under his care during the last thirty years of his practice enables him effectually to restore to health such cases as have been considered incurable. On the contrary, all those who from neglect or improper treatment, need only expect a train of symptoms to follow, the effect of which will end in their complete destruction.

Also, all those who are afflicted with any of the following diseases need not despair of being cured: Erysipelas, Scrofnia or Kings Evil, White Swellings, Cancer, Salt Kheum or Tetter, Scald Head; in fact all diseases arising from imputities of the blood.

MEDICAL.

To the Afflicted. DR. DURBIN would inform the citizens of Louisville, and the public in general, that he has returned fo his effice, on Jefferson street, between
Preston and Jackson streets. He is prepared to cure
the Chills and Fever, and all other diseases;
it is a well known fact that no purson ever had
a chill after taking his medicine. He keeps on
hand at all times, his well known and celebrated
White Swelling Salve, that never fails to cure the
white swelling, pains in the head, back, sidos, and
breast. Also, his Syrup, a certain cure for consumption; no case ever known not to be cured where the
plaster would araw red and used the Syrup according to directions. He also keeps his Cholera Drops,
the only sure remedy in the world for that dread discase, and many other medicines too tedious to menion.

The above medicines can be had at my office, or at Mr. Cooper's, corner of Seventh and Green sta., and at James Fisher's, corner of Fi th and Green sta., se28 Private Medical Treatise, Physiological View of Marriage. M. B. LA CROIX, M. D., ALBANY, N. Y.

moval—nervous debility, its causes and cure, by a process at once so simple, safe and effectual, that failure is impossible—rules for daily management—an essay on Spermaforrhoea, with practical observations on a safer and more successful mode of treatment—precautionary hints on the evil results trom empirical practice; to which is added commentaries on all the diseases of females—from infancy to old age—each case graphically illustrated by beautiful plates. It points out the remedies for those self-inflicted miseries and disappointed hopes so unfortunately prevalent in the young. It is a truthful adviser to the married and tuose contemplating marriage. Its peruais is particularly reesmmended to persons entertaining secret doubts of their physical condition, and who are conscious of having hazarded the health, happiness, and privileges to which every human being is entitled to.

N. B.—Those who prefer may consult Dr. LA CROIX upon any of the diseases upon which his book treats, et ther personally or by mail. His medicines often cure in the short space of six days, and completely and entirely cradicate all traces of those disorders which copaiva and cubebs having so long been thought an antidote, to the ram of the health of the patient. His "French Secret" is the great continual temedy for that class of disorders which, unfortunately, prysicians treat with mercury, the irretrievable destruction of the patient's constitution, and which all the sarsaparilla in the world cannot cure. ton, and which all the sarsaparina in the world teams cure.

Dr. LA CROIX'S medicines are free from all mineral poisons, and put in a neat and compact form, which can be sent by Express or Mail, and may be taken in a public or private house, or while traveling, without exposure to the most intimate friend or room mate, or hindrance from business or study, and no important change in the diet is necessary. Medicines sent to any part of the Union, according to directions, safely packed and carefully secured from all observation.

This medicine is prepared entirely from vegetable substances; the most delicate stomach can bear it conveniently, and it is given with perfect safety, in minute doses to the most tender infants, its properties being of a strengthening and invigorating nature. It is neatly put up m bottles, with ample directions for use.

The following testimonials from some well known and respectable citizens of Philadelphia, are fully corroborative of the tried efficacy of the Anti Dyspeptic Elixir.

We, having used William's Anti-Dyspectic Elixir with he most perfect satisfaction and success, take great plea-aire in recommending it to all persons suffering with Dys-pepsia, as we are fully convinced of its most estimable qualities in restoring the digestive powers, removing all ain and uneasiness, and imparting a healthy tone to the

Testimony of Mr. Michael Dunn, Superintendent of the Philadelphia Exchange, corroborative of the efficacy of Williams's Anti-Dyspeptic Elixir.

Philadelphia, March 16, 1853. PHILADELPHIA, March 16, 1853.

Doctor James Williams:—For several years past, I have been liable to attacks of Dyspepsia; but never have I been more distressingly afflicted with its symptoms, than within the last few weeks. Indigestion, nervous irritability, despondency, a sense of weight in the stomach, and severe pains in the left side, rendering me, for the time being, truly wretched. Fortunately, I was recommended by a friend to try your Elixir. I did so, and in less than two weeks, indigestion ceased; pain and nervous depression left me, and appetite, with mental and bodily health, were fully restored. To me the cure seemed almost mi raculous, and my object in writing to you is—a hope that other persons suffering the miseries of Dyspepsia will avail themselves of your efficient remedy,
